

# KILLS BEDBUGS, TICKS & MOSQUITOES

## In A Convenient 6 ounce Travel Size

### KILLS Bedbugs, Ticks and Mosquitoes

- Ready to use, water-base spray protects up to 6 weeks.
- Perfect size for travelers, campers and outdoor activities.
- Water-based Permethrin formula does not stain most surfaces.
- Kills bedbugs, ticks and mosquitoes and other listed pests quickly.
- Apply to luggage, mattresses, clothing, tents, backpacks, sleeping bags, mosquito nets, etc.
- Spray outside and inside of luggage before travel to stop unwanted hitch-hiker pests.
- Made in the USA and EPA registered.

As with all pest control products, always read the label, safety data sheets and application before using this product.

KILLS for Bedbugs, Ticks and Mosquitoes is a conveniently sized and ready-to-use water-based Permethrin spray that kills bedbugs and other listed insects on contact and keeps killing for up to 6 weeks.

Ideal for both business and leisure travelers, KILLS Bedbug, Ticks and Mosquitoes is specifically designed to protect you and your travel bags from 'pick-up' pests such as bedbugs, fleas, lice, ticks and clothing moths. The water based formula does not leave oily or sticky residue behind.

KILLS Bedbug, Ticks & Mosquitoes can be sprayed directly on your travel bags, luggage, on hotel/motel/guest room mattresses and other listed surfaces for control of bedbugs, ticks, mosquitoes and other insects listed on the product label. The 6 oz pump spray bottle fits in carry-on bags, purses, briefcases, backpacks, etc.

**GENERAL APPLICATION:** Spray on an inconspicuous area first to test for staining or discoloring. Spray on surface until it is slightly moist. Allow to dry completely before use for long lasting control. **READ PRODUCT LABEL BEFORE USE.**

**TO CONTROL BEDBUGS:** Spray mattresses lightly, particularly around tufts and seams. Take beds apart and spray in all joints. Treat baseboards, moldings and floors. Allow all treated areas to dry before use. Retreat as needed.

**TO CONTROL TICKS:** Test all areas first for possible staining or discoloring. Spray all infested areas thoroughly. Allow to completely dry before use. For more applications and directions, refer to the product label.

**TO CONTROL MOSQUITOES:** Test all areas first for possible staining or discoloring. Spray inanimate areas where mosquitoes land thoroughly. Allow to completely dry before use. For more applications and directions, refer to the product label.

**NOTE: ALWAYS READ INSTRUCTIONS AND PRODUCT LABEL BEFORE USE!**
